LexisNexis, delivers deeper insight
LexisNexis South Africa introduces a new and exciting addition to the range of products and solutions available to clients in Africa. We can now offer the breadth of Online Information Services LexisNexis offers globally, providing access to more than 40,000 national news, international legal, news, business, company, financial, market research, patent and other information sources.

News & Business Research

Nexis UK

The world's largest legal, news and business information database. Looking for reliable and up to date information from authoritative sources? Data that can be accessed in a fast and efficient way?

Company Dossier

Critical business information, all in one place LexisNexis Company Dossier provides basic and in-depth business information on more than 46 million global companies, including 2.2 million South African companies, designed around the way you work.

Nexis Publisher

Save hours of screening the media, making press cuttings and summarizing your articles in an internal bulletin. LexisNexis Publisher is a smart content management tool that helps you sift through the daily news and share the relevant findings with the rest of the company via your intranet.

Media Monitoring

LexisNexis Analytics

Can you follow the invisible web? Do you monitor media in different languages? Are you able to keep up on what's being said about your organization in consumer generated media (weblogs, websites, etc)? Can you evaluate and analyze the tone of coverage? With LexisNexis® Analytics you can!

LexisNexis RiskMonitor - Continuously monitor and respond to potential risks which may threaten your reputation, your brands and your financial status.

LexisNexis Blog Watch - Blog Watch from LexisNexis Analytics enables you to track and monitor what the most influential blogs are saying about your company's brands and services, quickly react to any coverage and identify opportunities that may have previously gone unnoticed, all in a time and cost effective manner.

eReputation Discovery Report - Benchmark your brand's online reputation and compare your social media coverage to that of your competition. The work is delivered as a detailed report of your last month's online coverage and commentary, to provide you with comprehensive insight of who is talking about your brand online.

Legal Research

Lexis.com

Lexis.com® is your portal to global jurisprudence documents, legal cases, annotations, commentary and key analyses of international court procedures. Our user-friendly interface will quickly lead you to the information you need.

LexisLibrary UK - Legal

The most comprehensive legal library in the UK containing an unrivalled collection of case law, expert commentary, and primary and secondary legislation as amended. Added functionality includes the facility to set up alerts direct to your e-mail e.g. to inform you of changes to legislation or case law. Access to major works like Halsbury's Laws of England; Encyclopaedia of Forms and Precedents (EF&P) and All England Law Reports

LexisLibrary UK - Tax

With LexisLibrary Tax (previously known as LexisNexis Butterworths - LNB), accountants and tax professionals can quickly find up-to-date information, resources and expert opinion from established names such as Tolley's, Simon's and De Voil alongside all of the latest material from HMRC. With the most up-to-date statement and explanation of the law, practitioners can have complete confidence in the advice they provide. Everyone in your practice can access the same information, at the same time, at the click of a mouse. There's no need to share precious volumes: simply log into our website. LexisLibrary saves research time, cutting costs and boosting efficiency.

JurisClasseur

The JurisClasseur encyclopedias and collections are well known in both France and the rest of Europe - and have a reputation for excellence. Now you, too, can access the incomparable wealth of this content to serve your research needs in current French and European Union law. LexisNexis® JurisClasseur gives you direct access to the full depth and breadth of the JurisClasseur collections via a powerful, fast and simple search tool. Search simultaneously in all sources of law, with improved features, millions of links and simplified navigation. It's fast, it's relevant, it's JurisClasseur.

Total Patent

When it comes to global patent filing, patent infringement and patent licensing activities, you need a resource that provides you with the most comprehensive, precise, and dynamic patent research and retrieval system available anywhere. Access to extensive LexisNexis® patent database, including the full text from over 30 authorities, bibliographic and abstract data from over 100 authorities

PatentOptimizer

LexisNexis® PatentOptimizer is a revolutionary approach to creating consistently high-quality patent applications and analyzing issued patents. Created by patent attorneys, it brings new efficiency to developing internally consistent, concise, well-tailored patent applications and to the online analysis of existing patents. With the critical quality control you gain, you can work with added confidence.

IP DataDirect

With IP DataDirect - Patents, you have the option to choose the content you need from 22 full-text patent authorities—three times more than is available from any other single provider—as well as bibliographic data from 96 authorities. All content is delivered to you in XML ST.36 format, the standard format set forth by the World Intellectual Property Organization for patent data. This will help save you the time and budget associated with compiling, converting and uploading multiple formats from multiple sources into a single internally accessible format.

Risk Solutions

Lexis Diligence For AML and Corporate Security

Protect your organisation from the risk of heavy fines and damage to corporate reputation. Lexis Diligence brings together all the intelligence you need to conduct enhanced due diligence checks in-house. Verify a corporate entity and find out more about its business and management structure. Access over 150 databases of premium business information and millions of public and private company profiles covering developed and emerging markets.

Lexis Diligence for Third Party Clearance

Conduct due diligence on your suppliers and protect your business. Vet existing and prospective third party partners and comply with anti-corruption legislation. Verify a corporate entity and find out more about its business and management structure. Access over 150 databases of premium business information and millions of public and private company profiles covering developed and emerging markets.

Bridger Insight XG

Not knowing enough about existing and prospective customers is a risk that organizations can no longer afford to take. Regulatory fines, publicly tarnished corporate image, customer exodus and losses associated with fraud are just some of the consequences of an ineffective due diligence and compliance solution. A gap in your defense can erode trust, impacting your bottom line and the future of your organization. Bridger Insight™ XG is your portal to an entire suite of robust tools to help organizations conduct due diligence and comply with government regulations, reducing fraud risk.

InstantID International

InstantID® International is a comprehensive data solution that allows you to protect your organization more effectively than ever before, but also to increase operational efficiency, reduce costs and profit even more from the global market. Verify the identity of individuals from 14 countries including South Africa, all at the touch of a button.
